May 22 – 26, 2023

## About

On behalf of the Polymer Processing Society, Empa is pleased to announce the 38<sup>th</sup> International Conference, to be held in St. Gallen, Switzerland, on 22 – 26 May 2023.

The Polymer Processing Society was founded in March 1985 with the aim of fostering scientific understanding and technical innovation in polymer processing. Since its founding, over 35 international and 25 regional conferences have been organized, with the purpose of providing a mechanism and format for interaction and presentation of research results among the international polymer processing community. The thematic focus lies on all formulation, conversion and shaping operations applied to polymeric systems in the transformation from their monomeric forms to commercial products.

St. Gallen is internationally known as an educational location and a city of innovation, providing ideal conditions to host the PPS-38 in 2023. This 38<sup>th</sup> edition will serve as a global platform to showcase and highlight technical innovation in polymer processing.

Based on our long-term experience, we expect up to 700 participating scientists, engineers and designers in the field of polymer research and development. An important ingredient for the success of this meeting will be the participation of professionals in all aspects of polymer science and technology from all around the world.

The scientific program will include lectures by internationally renowned invited speakers, contributed oral presentations by both senior and younger scientists and engineers, as well as oral and poster presentations by young postdocs, PhD students, master students and engineers working in academia and industry. Since the close collaboration between universities, research institutes and industry is key for technological advancement, a substantial participation of industry is highly welcomed.

## Sponsorship Opportunities

Thank you very much for considering a sponsorship for PPS-38. We are looking forward to collaborating with you.

All requests of sponsorship will be handled on a first-come, first-served basis. Early booking is therefore highly recommended. Sponsoring availabilities for DIAMOND (1), PLATINUM (4) and GOLD (9) packages are limited, for details please see the following **description on sponsoring availabilities**.

Should you have any questions or require further information, please feel free to contact us.

### DIAMOND Sponsorship includes

Recognition as (main) industry partner of the conference

Logo on flyers, program brochure, website and on screens in the conference center

Conference tickets: 5

Plenary room branding: the plenary room will be named after you and you can highlight your company's activities with promotional materials in the room (details to be discussed)

Short welcoming speech at the conference dinner (details to be clarified)

### PLATIN Sponsorship includes

Logo on flyers, program brochure, website and on screens in the conference center

Conference tickets: 2

You will have the opportunity to give a promotional presentation during lunch break (details to be discussed)

For an additional contribution you will get access to parallel session room branding (for details please see gold sponsorship)

### GOLD Sponsorship includes

Logo on flyers, program brochure, website and on screens in the conference center

Conference tickets: 2

Parallel session room branding: One of the parallel session rooms will be named after you and you can highlight your company's activities with promotional materials in the room (details to be discussed)

For an additional contribution you will also get a PPS-38 Booth (for details see exhibitor package)

### SILVER Sponsorship includes

Logo on flyers, program brochure, website and on screens in the conference center

Conference tickets: 1

You will be part of the *Shared booth PPS-38*, together with other silver sponsors; this includes one back wall (2.5 m height, 1 m wide), one bar table and one chair

### PPS-38 Booth includes

Logo on flyers, program brochure, website and on screens in the conference center

Conference tickets: 2

Booth PPS-38 (carpeted surface 3 x 2 m<sup>2</sup>):

Back and sidewalls

One table, two chairs

Electricity supply (400 Amp)

All sponsors are promoted by a **sponsorship poster or brand wall** in the entrance hall.
