
Request of certifying an further processor

1. Certification Body (CB)

EMPA
Certification section for construction products
Lab: Mechanical Systems Engineering
Überlandstrasse 129
CH-8600 Dübendorf

2. Details of the applicant

name, address, person in charge for the quality control, telephone number, e-mail

3. Range of the applied conformity assessment

(technical specifications of the coil material)

Steel class B500A:	<input type="checkbox"/> yes	<input type="checkbox"/> no	
Process of decoiling:	<input type="checkbox"/> Rolled process	and/or	<input type="checkbox"/> Rotor cut
Range of diameter	starting to mm		
Steel class B500B:	<input type="checkbox"/> yes	<input type="checkbox"/> no	
Process of decoiling:	<input type="checkbox"/> Rolled process	and/or	<input type="checkbox"/> Rotor cut
Range of diameter	starting to mm		
Steel class B500C:	<input type="checkbox"/> yes	<input type="checkbox"/> no	
Process of decoiling:	<input type="checkbox"/> Rolled process	and/or	<input type="checkbox"/> Rotor cut
Range of diameter	starting to mm		

Number of cut and bend machines in total:

4. Announcement of the applier

herewith I explain that

- I am aware about the conditions of the certification procedure, the requirements and the costs of the according the information provided by the CB
- I will provide all required informations that are needed for the certification process
