SSbD24

Safe and Sustainable by Design Chemicals and Materials

November 10-15, 2024, Monte Verità, Switzerland

The Safe-and-Sustainable-by-Design (SSbD) framework by the European Commission is going to deeply change the way how new chemicals and materials are designed and evaluated. The SSbD24 Conference on Monte Verità aims to bring together experts from various relevant fields and sectors who have started to work on the tools and criteria to enable the actual use of SSbD. The following topics will be covered:

- SSbD frameworks and concepts
- Safe by Design materials and chemicals
- Safety and sustainability assessment in the early innovation phase
- The SSbD toolbox
- Social and economic assessments within SSbD
- Towards absolute sustainability assessments
- SSbD case studies
- Science-policy-business dialogue

All relevant information about the conference can be found on the [conference website](#).

The deadline for abstract submission (oral or poster) is May 31, 2024.

We hope to see many of you on [beautiful Monte Verità](#) in Southern Switzerland!
